

The Adventure Missionary Portfolio Print and Video Communications

Come and join a team of dedicated and experienced missionaries providing leadership to a national initiative that is mobilizing minority missionaries, equipping staff and students and helping to plant ministries at 100 HBCUs. You would also work locally pioneering university missions on the 14 campuses (including 3 HCBUs) in the Piedmont Triad region of North Carolina. As part of this team, you will receive mentoring and training to help equip you for God's divine purpose in your life.

- Conceptualize and create cutting-edge multimedia elements for Web and mobile dissemination to equip, motivate, and inform.
- Apply expertise in Adobe Creative Suite and Microsoft Office products.
- Compile raw data from various sources, including in person, e-mail, briefings, meetings, and phone calls and develop comprehensive, clear, and visually engaging graphics, animations, and interactive elements.
- Display knowledge of Web and mobile technologies and expertise in IT terminology, processes, and best practices.
- Interact with high-level senior government leaders.

Possessing strong Christian character and passion for missions. Additionally requires:

- Thorough knowledge of Adobe suite: including Photoshop
- Experience using video editing software
- Organized, detail oriented ability
- Creative, innovative, and engaging
- Flexibility, adaptability, and willingness to learn
- Ability to work well at many levels
- Sensitivity to confidential information
